

My Visit to Main Street Children's Museum

I will have fun and let my imagination run wild at the Main Street Children's Museum

I will have to walk in Old Town, Rock Hill to get to the Museum. I should look both ways if I cross a street. I should always be with an adult.

The streets may be busy and could be loud.

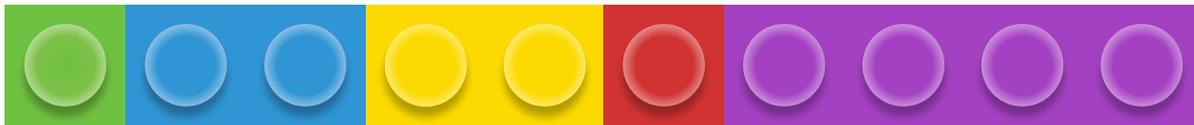

Once I get to the museum my parents will need to register, there may be a line and other kids.

The museum may be loud and have bright lights.
I should not run.

There is a tree house with a staircase.
I should be careful on the stairs. I may have to wait.

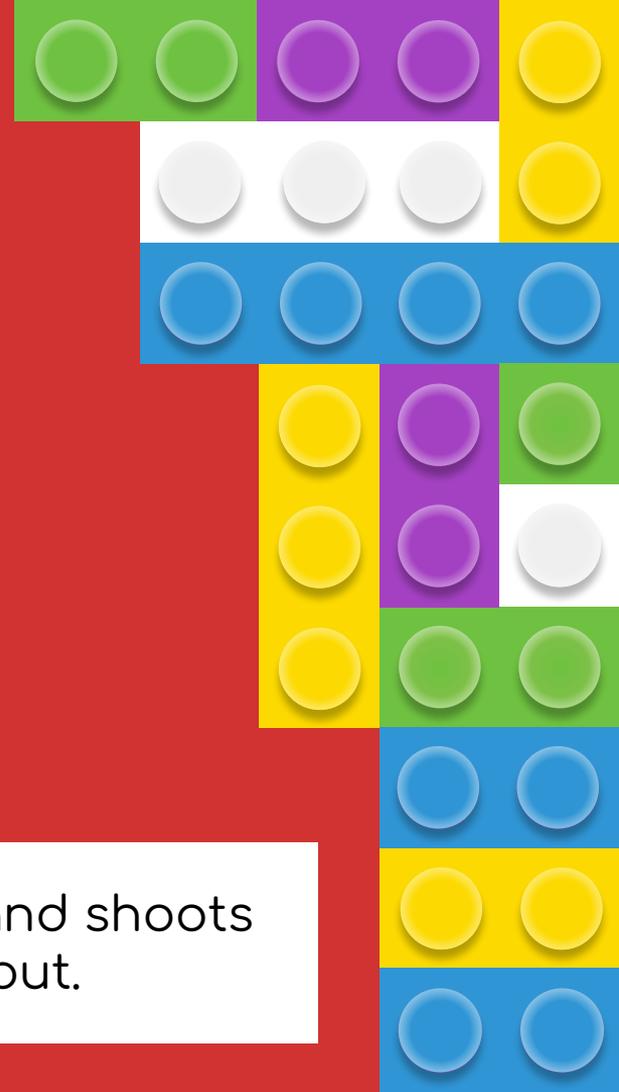

There is a big blue slide. I should wait my turn. It is dark inside the slide.

There is an air maze. It makes loud noises and shoots fluffy balls out. Soft toys will also fly out.

There is a big pirate ship. There is a bell on the ship and it can be loud.

I can dress like a pirate. Other kids may be dressed like a pirate.

There is a play garden.
You can drop eggs in
the coop. It gets loud.

There is a play kitchen.
I should walk in this area.

There will be a lot of toys to play with. I should take my turn and share. Some toys will have a rough texture.

There is a Throne Room. I can dress up to be a prince or princess. There are toy dragons. They are soft and nice. There is a mirror, you can look at yourself dressed up!

There are bathrooms in the back past the vault in the hallway. There is a loud hand dryer.

There is a classroom upstairs that opens at certain times.
There are stairs with a hand railing.

There will be Early Childhood Educators wearing green aprons who can help me.

At the end of my visit, I will leave the Museum and wave goodbye. I had a great time at Main Street Children's Museum.
