

**Culture & Heritage Commission
Board of Commissioners Meeting
August 22, 2023
6:00 PM
Museum of York County**

Person Presiding: Penny Sheppard

Members Present: Penny Sheppard, Ed Stewart, David Duncan, Margaret Parson-Willins, and Annie Laurie Wheat

Members Absent:

Ex Officio Members Present: Katie Rutland and Eddie Lee

Ex Officio Members Absent:

Staff Present: Richard Campbell, Dabney Scholler, and Jillian Bingham

Others: Laura Dover

Call to Order

- Penny Sheppard called the meeting to order at 6:00pm.
- Penny Sheppard presented the minutes from the July 25th meeting and asked for changes or corrections.
 - No corrections to be made, minutes are accepted as written.

Calendar Review

- No changes to the calendar.

Reports and Presentations

- Director's Report
 - *Presented by Richard Campbell*
 - Visitation
 - CHM site-wide visitation for the month of July and year-to-date total was seven thousand, six hundred and seventy.
 - School Groups
 - For the month of July and year-to-date school visitation was at five hundred and sixty-four.
 - Membership
 - Membership has increased by one hundred and nine memberships with a total revenue of \$9,305. This brings our total membership to one thousand, four hundred and twenty-one.
 - Past Events

- York School District 1 Family Night at the Museum Partnership
 - On August 17th, the Museum of York County hosted Title One families from York School District One. This new partnership, similar to the partnership with Rock Hill Scholl District Three, gives undeserved families a chance to visit the museum free of charge and experience community programs. Two hundred visitors were in attendance.
 - Back to School Initiatives
 - We had a variety of Back to School Initiatives for the Museum of York County and the Main Street Children’s Museum. We reached one thousand and ten people, one hundred and thirty-one onsite and eight hundred and seventy-nine offsite. These events included Countdown to Kindergarten, Back2School Block Party, the Environmental Educator Breakfast, and Learn to Rock.
 - Upcoming Events
 - By the Sweat of Our Brows
 - This event will take place at Historic Brattonsville on September 9th from 10am to 4pm, and will tell the stories of the enslaved on the Bratton plantation and the stories of their descendants through the 21st century. Various activities will include special presentations by black and white descendants, traditional foodways and trade activities, tours of the site, and historic interpretations. There will also be three slave-made items on display in the Orientation Room.
 - Geology Rocks Family Day
 - This event will take place at the Museum of York County on September 23rd and there will be a variety of activities from learning about fossils to identifying minerals. Visitors will also have the opportunity to observe flint knapping demonstrations and explore a mobile gem mine.
 - CHM Project Updates
 - Lowry Family Theatre
 - Bennett Preservation Engineering submitted the 100% construction documents on August 8th. These documents have been reviewed by both CHM Preservation and the South Carolina Department of Archives and History (SCDAH), which were approved on August 16th. CHM Preservation is preparing an RFP, which will be submitted to SCDAH for review and approval. Once approved, it will be sent to York County Procurement. Funding will not be available until October. Engineering has suggested a pre-bid meeting to go over the project.
 - EMS House
 - The sale of the EMS House appeared on the County Council Agenda for the August 21st meeting. The recommendation that the County declare the building a surplus property to sell passed, and an RFP will be

scheduled by York County Procurement. Procurement will coordinate everything with the County Attorney. Upon receipt of an offer, it will be presented to County Council for approval, three readings, and a public hearing. Aside from opening the facility for scheduled showings, no further action is required by the Culture and Heritage Museums.

- Watt Cemetery

- The South Carolina Institute for Archeology and Anthropology (SCIAA) has almost completed their work at Historic Brattonsville. Through ground penetrating radar, eighty-eight new anomalies have been identified, bringing us to a total of four hundred and ninety anomalies (three hundred ten probable graves and one hundred possible graves.) This may expand fencing and cost because the cemetery extends to the road.
 - Penny Sheppard asked what they might be if they are not graves.
 - Richard Campbell stated that there could be a depression where a tree may have grown.
 - Ed Stewart stated that once the final work is done, it can be determined what is a possible grave and a probable grave.
 - Richard Campbell Said that we began with forty-seven and now have over three hundred.
 - Eddie Lee thinks that the total will be four hundred and fifty and that this may be one of the largest enslaved cemeteries in the Upcountry. He also shared that the National Park Service offers special funds for Cemetery Preservation.
 - Katie Rutland asked the exact location of the cemetery and Richard Campbell offered a tour to any commissioners that would like to see it.
 - Ed Stewart explained that the placement and size of the headstones can explain whether it is a child's grave or an adult's grave. There appear to be a number of children's graves there.
 - Once SCIAA has completed their work, they will provide us a map of the cemetery, with GPS grave locations, and an archeological report to be filed by the state.

- Fluid Preservation Room

- A purchase order for the Fluid Preservation Room at the Museum of York County was issued on June 29th with design work by DWW Architects beginning the week of July 10th. Later that week on July 13th,

the Culture and Heritage Museums received the funds to cover design costs from the Foundation of the Carolinas. The preliminary drawings were received by project staff on July 25th. An electrical engineer has been contacted by CHM staff to assist in the electrical aspect of the project. Architect Darryl Watts is preparing a submission to the City of Rock Hill, expected to be available for review by the end of the month.

- Homestead House
 - Midwest Maintenance has completed 95% of the construction of the portico, all that remains are finishing the steps and hanging the last weatherboard in the pediment. The hanging of the weatherboard will follow the roof installation. They have also completed 95% of the tasks to rebuild the breezeway, including a new shake roof. The work is scheduled to be completed by August 24th. Due to supply issues concerning the metal roof, Midwest Maintenance has extended their contract into late-April 2024. The materials are expected to arrive from Europe in mid-October, then they will be prepared, and then ready for installation in mid-March 2024. A walkthrough by the architect and engineer will take place in early- September, followed by punch list preparation. Exterior painting will take place in late-September. All exterior work, aside from the roof installation, is expected to be complete by mid-fall.
- Colonel Bratton Cabin
 - Midwest Maintenance continues work at the Colonel Bratton Cabin and have now completed all structural repairs. All structural repairs are complete and work continues on the steps and weatherboarding. Exterior painting will begin in early September when all woodwork is finished. The subcontractors have installed 95% of the roof and like the Homestead, a walkthrough will take place and a punch list will be prepared.
- McConnell House Re-roofing Project
 - Once all of the correct materials are on-site, AllPoint Group will be installing a new shake roof on the McConnell House. Issues with the supplier have caused delays in the project but the correct materials should arrive at the end of August.
- McGill Barn Stabilization
 - All preparations for shoring the McGill Barn have been completed and estimates were given by MoreSun Timber Framers during their August 14th visit. The estimates given will be for planning purposes only. Preservation and Operations staff will be developing a schedule to begin this project.
- National Historic Landmark

- A final review of the Letter of Inquiry has been completed for the National Park Service to list Historic Brattonsville as a National Historic Landmark. The letter was submitted on August 9th and the evaluation should take about three months to complete. However, ours may need an addition three to six month review because we fall under Criterion 1 (an association of major national events) instead of the usual architectural significance.
- York County 250th Committee
 - The York County 250th appeared on the County Council's Consent Agenda at the August 21st meeting. The York County 250th Committee Chair, Mark Kerr, Richard Campbell, Carey Tilley, and Sara Johnson attended to show support and the resolution for the York County 250th Committee passed before County Council.
- Hill's Ironworks Historical Marker
 - This historical marker has been installed at Allison Creek Park, however there is not a set date for the park opening date. CHM Marketing has prepared a marker dedication booklet that will accompany the opening of the park.
- Main Street Children's Museum Wall Repair
 - CHM Preservation has completed the repairs to the stairwell wall at the Main Street Children's Museum, although moisture monitoring is on-going. Exhibits will be painting the wall in the next few weeks.

[Note: A full copy of the Director's Report is attached to these minutes as Addendum A]

Committee Reports

- Collections Committee
 - *Presented by Jillian Bingham*
 - TC387
 - .001- C. 1905 wedding dress
 - .002- A-C- 1936 wedding dress with clips/brooches
 - .003- Wood carving from Ghana
 - .004- Children's bonnet, woven
 - .005- Children's bonnet, light blue
 - .006- Child's dress, c. 1911
 - .007- Child's dress, made of organza, c. 1911
 - .008- Child's dress, c. 1911
 - .009- Child's sleeveless slip or nightgown, c. 1911
 - .010- Child's dress, c. 1911
 - .011- Female Catawba Indian doll made of cloth

- .012- "Chief Hagler" Catawba Indian doll made of cloth
- 1929 Tattler
- (14) 1938 ship menus
- *History of Ebenezer Presbyterian Church* by Rev. John C. Bailey, D.D., published in 1938
- Ebenezer Presbyterian 1949 program
 - Donor Name: Jessica Ann Parker
- TC388
 - .001- 1930s Pennsylvania Sugar Company's Quaker Sugar pamphlet featuring a Vernon Grant designed cover
 - Donor Name: Zach Morrow (eBay seller)
- TC389
 - This collection contains the correspondence of Margaret Query dating between 1960 and 1966 regarding family genealogy requests for York County surnames. Detailed list attached.
 - Donor Name: Dawn Patterson
- David Duncan made a motion to accept the following items; TC387, TC388, and TC389 to the Collection.
 - Ed Stewart seconded the motion.
 - Penny Sheppard called for a vote, vote was taken, and the motion passed.

[Note: Copy of the above Recommendations for Accession are attached to these minutes as Addendum B]

- Request for Funds from MWYC Expense Account (5000-45045-000) in the amount to not exceed \$3,333.12 to care for the collection from the Museum of Western York County.
- David Duncan made a motion to accept the request for funds.
 - Annie Laurie Wheat seconded the motion.
 - Penny Sheppard called for a vote, vote was taken, and the motion passed.
 - Request for Funds from the Dorothy Bing Textile Fund Equity Account (5000-25325-000) in the amount to not exceed \$8,861.71 to care for the Dorothy Bing Textile collection.
- David Duncan made a motion to accept the request for funds.
 - Ed Stewart seconded the motion.
 - Penny Sheppard called for a vote, vote was taken, and the motion passed.

[Note: Copy of the above Request for Funds are attached to this document as Addendum C]

- Jillian Bingham presented the new Mission Rating to the Commission
 - Potential acquisitions for the cultural history collection will be evaluated according to an internal rating system to determine their relevance to the Culture and Heritage Museum's mission. It is not the only thing considered when determining whether to accept a potential requisition. Other considerations are laid out in the Collections Management Policy.
 - The mission ratings are on a 1 to 5 scale based on the relevance to the Carolina Piedmont.
 - History Collection Mission Rating
 - Archival Collection Mission Rating

[Note: Copy of the above History Collection Mission Rating and Archival Collection Mission Rating are attached to this document as Addendum D]

- Finance Committee
 - *Presented by Ed Stewart*
 - Nothing to report, everything looks good.
- Governance Committee
 - *Presented by David Duncan*
 - Nothing to report, there will be a Governance Committee Meeting after this one concludes.

Executive Session

- Penny Sheppard moved to go into Executive Session to discuss the Executive Director's Annual Review
 - Annie Laurie Wheat seconded the motion
 - Penny Sheppard called for a vote, vote was taken, and the motion passed to go into Executive Session at 6:43pm

Reconvene to Open Session

- Open session reconvened at 7:34pm
 - No vote was taken in Executive Session

Old Business

- No old business

New Business

- No new business

Commission Member New/Non-agenda Comments

- None

Adjourn

- Penny Sheppard made a motion to adjourn.
 - Annie Laurie seconded the motion.
 - Penny Sheppard called for a vote, vote was taken, and the motion passed.
 - Meeting adjourned at 7:35pm.

Prepared by: Dabney Scholler

Submitted by: Ed Stewart, Secretary/Treasurer

Culture and Heritage Museums

Director's Report

August 22, 2023

Mission: to communicate and preserve the natural and cultural histories of the Carolina Piedmont, inspiring a lifetime of learning.

Visitation – July 2023

- Total and Year-to-date visitation: 7,670
 - Museum of York County: 4,107
 - Historic Brattonsville: 1,325
 - Main Street Children's Museum: 2,162
 - Historical Center of York County: 76

School Groups – July 2023

- Total and Year-to-date school group visitation: 564
 - Museum of York County: 470
 - Historic Brattonsville: 42
 - Main Street Children's Museum: 52

Membership – July 2023

- New memberships: 109
- Membership revenue: \$9,305
- Year-to-date membership sold: 109
- Year-to-date membership revenue: \$9,305
- Total Memberships: 1,421

Past Events

York School District 1 Family Night at the Museum Partnership (MYCO)

- A new partnership with York School District 1 to host a Family Night with their Title 1 families.
- These families were able to visit the museum free of charge on August 17.
- These evening events often introduce underserved audiences to MYCO and are a good opportunity for community outreach.
- 200 people attended the inaugural event.

Back to School Initiatives (MYCO/MSCM)

- We reached 1,010 people this month (131 on-site and 879 as off-site outreach).
- The events were attended by staff and management of MYCO and MSCM.
 - Countdown to Kindergarten & Back2School Block Party.
 - Environmental Educator Breakfast hosted by York County and Rock Hill Clean & Green.
 - Learn to Rock: A Rock Hill School District 3 event for teachers new to the District.

Upcoming Events

By the Sweat of Our Brows (HB)

- Saturday, September 9 from 10 am to 4 pm at Historic Brattonsville (rain date: Saturday, September 16).
- African-American and white descendants, historic interpreters, and volunteers will lead this year's living history event demonstrating the daily life and work of enslaved Africans on the Bratton Plantation and stories of their descendants through the 21st century. Activities will include:
 - A special presentation of the on-going conversations between black and white descendants of the Bratton family about their shared history.
 - Meet the black and white descendants of people who lived and worked on the Bratton family's 19th century cotton plantation.
 - Traditional African-American foodways.
 - Traditional trade activities.
 - Interpretation of the Brick House and the "Liberty and Resistance" exhibit.
 - Calling of the Names from Harriet Bratton's 1865 Freedmen's List.
 - Tours of Historic Brattonsville and on-going historic preservation projects.
- There will be three slave-made items (two baskets and a coverlet) on display in the Orientation Room.

Geology Rocks Family Day (MYCO)

- This event occurs on September 23 at the Museum of York County.
- There will be a variety of "rocking" activities for visitors, such as learning how fossils are made, observing glowing minerals, learning to spot the difference between meteorites and meteor-wrongs, and have their own rock specimens identified.
- Flint knapper Thomas Ray will be on site doing demonstrations throughout the day.
- Dirt Dauber Deb and her mobile gem mine will also be on site for visitors to explore.

CHM Project Updates

Lowry Family Theatre (McC)

- Bennett Preservation Engineering of Charleston, SC (BPE) submitted the 100% construction documents for repairing the roof structure of the auditorium on August 8.
- The documents have been reviewed by the CHM Preservation department and South Carolina Department of Archives & History (SCDAH) per state funding requirements.
- SCDAH approved the documents on August 16.
- CHM Preservation is preparing an RFP to hire a qualified preservation contractor per the specifications outlined in BPE's construction documents.
- Once complete, the draft RFP will be sent to SCDAH for review and approval.
- County Procurement has requested that the draft RFP not be submitted for their review and solicitation until SCDAH has approved the RFP.
- Once approved by SCDAH, the RFP will be sent to York County Procurement.

EMS House (McC)

- CHM's recommendation that the County declare the EMS Building as surplus property and sold according to the requirements of York County is on County Council's
- August 21 meeting agenda.
- After Monday night's declaration, York County Procurement will schedule an RFP to sell the property.
- County Procurement is unaware of any potential buyers at this time but has the option to extend the advertisement to garner interest.
- County Procurement will coordinate the sale of the property with the County Attorney.
- Upon receipt of an offer, it will be presented to Council for consideration, and will require three readings and a public hearing.
- No further action is required by the CHM other than to have the facility open for scheduled showings.

Watt Cemetery (HB)

- The South Carolina Institute for Archeology and Anthropology (SCIAA) continues their work with approximately five or six meters remaining in the final grid.
- Approximately eighty-eight new soil anomalies have been located using ground penetrating radar (GPR).
- Approximately 41 of the 88 anomalies have been classified as probable graves, with the other 47 classified as possible graves.
- The total number of probable graves identified to date stands at 291, with an additional 147 possible graves (438 total anomalies).
- There are anomalies in the final grid that are very close to the edge of the embankment running along Brattonsville Road, requiring us to rethink the location of the fence.
- Once the GPR work is completed, SCIAA will provide us with a map of all anomalies and graves, and an archaeological report to be filed with the state.
- GPS field work (marking the graves using GPS) has been completed with the exception of the final grid and will be located on a computer-generated map.

Fluid Preservation Room (MYCO)

- A purchase order for the design phase of the Fluid Preservation Room project was issued by York County Procurement on June 29.
- DWW Architects began design work the week of July 10.
- CHM received a distribution of funds to cover design costs from Foundation for the Carolinas on July 13.
- Project staff received the preliminary drawings from DWW on July 25.
- An electrical engineer is needed to determine the electrical capacity for the walk-in freezer and if the current power source is sufficient.
- MYCO Operations located the electricity source and have been in contact with the electrical engineer.

- DWW is preparing a submission to the City of Rock Hill, and it should be available for review by the end of the month.

Homestead House (HB)

- Midwest Maintenance (MMI) has completed approximately 95% of the tasks to reconstruct the 1854 portico, including the installation of railings on the first and second floors.
- Outstanding items include finishing the steps and hanging of the last weatherboard in the pediment (triangle area above the columns) following the installation of the metal roof.
- MMI has completed approximately 95% of the tasks to rebuild the breezeway between the Assembly Hall and the Main House, including the installation of a new shake roof.
- MMI has completed the necessary repairs to southwest corner post of the two-story section of the Homestead House as approved via change order in July.
- MMI will complete the repairs to the northwest corner post following sill repairs by MMI's timber frame subcontractor.
- This work is scheduled to be completed by August 24.
- Due to supply issues regarding the fabrication of the metal roofing materials for the main house, MMI will be extending their contract into late-April 2024.
- The fabricator expects the metal to be delivered by their supplier in Europe by mid-October.
- The fabricator will bend and paint the metal panels, and the materials will be ready for installation in mid-March 2024.
- A change order adding five months to the contract is on the August 21 County Council agenda.
- McNeely Brothers Painting of York, MMI's painting subcontractor, is scheduled to start painting the exterior of the house in late-September.
- JKOA (architect) and 1200AE (engineer) are planning a walkthrough in early September to prepare a punch list as part of the initial closeout procedures for the Homestead House as all work, except the metal roof installation, is expected to be completed mid-Fall 2023.

Colonel Bratton Cabin (HB)

- Midwest Maintenance (MMI) continues preservation activities at Col. Bratton House.
- MMI has now completed all structural repairs.
- MMI continues exterior woodworking on the steps and weatherboards.
- The exterior woodworking tasks are 90% complete.
- McNeely Brothers Painting of York, MMI's painting subcontractor, will start painting the exterior once the exterior woodworking is complete.
- The work is projected to start in early September.
- MMI's roofing subcontractors, have installed roughly 95% of the shake roof. Additional flashing has been ordered and must be delivered before the roof can be finished.
- JKOA (architect) and 1200AE (engineer) are planning a walkthrough in early September to prepare a punch list as part of the initial closeout procedures for the Col. Bratton House.

McConnell House Re-roofing Project (HB)

- AllPoint Group, LLC of Charlotte, NC, will install a new shake roof on the McConnell House once the correct materials are on-site.

- Issues with the shake supplier providing the correct shakes have caused delays on the project.
- Our roofer expects delivery of the correct shakes by the end of August.

McGill Barn Stabilization (HB)

- All preparations for shoring the McGill Barn have been completed.
- MoreSun Timber Framers were on-site on August 14 to look at the barn and give rough estimates on potential work.
- These estimates will be used for planning and are not for construction contracting purposes.
- The next step is for CHM Preservation and Brattonsville Operations to develop a schedule for the shoring project.

National Historic Landmark (HB)

- Staff completed a final review of the Letter of Inquiry to the National Park Service (NPS) to list Historic Brattonsville as a National Historic Landmark (NHL).
- The Letter of Inquiry was submitted on August 9.
- CHM Historian Zach Lemhouse did an excellent job of capturing the national significance of the site and responding to the interests of the NPS.
- A representative from NPS said that evaluations are typically completed within three months, but that ours will likely need additional review time (possibly 3-6 months) because evaluating a site under Criterion 1 (association with major national events) is different than evaluating a property that is significant for its architecture.

York County 250th Committee

- Acting York County 250th Committee Chair Mark Kerr and SC 250 Commission Vice-Chair Bill Davies are scheduled to present a resolution to County Council on August 21.
- Carey Tilley, Zach Lemhouse, and I plan on attending to show support.

Hill's Ironworks Historical Marker

- The Hill's Ironworks Historical Marker has been installed at Allison Creek Park.
- The marker dedication booklet was completed by the CHM Marketing department and is ready for print.
- We will send the booklet to print once York County sets an opening date for Allison Creek Park.
- They have not yet set a date.

Main Street Children's Museum Wall Repair

- CHM Preservation completed repairs to the plaster wall in the stairwell of MSCM on August 14.
- CHM Exhibits will be painting the wall in the coming weeks.
- Monitoring the moisture movement in the section of the exhibit hall wall near the back hallway is on-going.

RECOMMENDATION FOR ACCESSION

Temporary Custody ID:	Collection Type:	Method of Acquisition:
TC387	History & Archives	Gift

Name of Donor:

Jessica Ann Parker

Description of Accession:

Collections:

- .001- c. 1905 wedding Dress
- .002A-C-1936 wedding dress with clips/brooches
- .003- Wood carving from Ghana
- .004-Children's bonnet, woven
- .005-Children's Bonnet, light blue
- .006-Child's dress, c. 1911
- .007-Child's dress, made of organza, c. 1911
- .008-Child's dress, c. 1911
- .009-Child's sleeveless slip or nightgown, c. 1911
- .010-Child's dress, c. 1911
- .011- female Catawba Indian doll made of cloth
- .012-"Chief Hagler" Catawba Indian doll made of cloth

Archives:

1929 Tattler

14-1938 ship menus

History of Ebenezer Presbyterian Church by Rev. John C. Bailey, D.D., published in 1938

Ebenezer Presbyterian 1949 program

Overall Condition: Excellent Good Fair Poor

General/Comparable Size of Collection

The wedding dresses will fit on a clothes rack with other dresses.

The children's dresses and bonnets will fit in a single textile box and fit on a shelf near other like items.

The dolls are about 8" inches tall and will be housed in an existing box with other dolls

The menus and church documents will fit in folders with like items.

The Tattler annual will get stored in rare books with other school annuals.

Significance/Ownership History Mission Rating: 3-5 (Scale of 1 – 5; 5 matches mission 100%)

The donor and her family members by which the donated items also belonged to are all direct descendants of the Fewell family, "one of York County's pioneer families." They share a common ancestor, Alexander Fewell (1769-1845), with Vernon Grant's wife Elizabeth "Libby" Fewell Grant. The donor is also a direct descendant to Mecklenburg County's prominent McLaughlin family through her grandfather (Dr. Alexander R. McLaughlin).

The c. 1905 wedding dress belonged to Jessica "Jessie" Iona Fewell (1879-1970) of Rock Hill and was worn for her 1905 wedding to Dr. Alexander R. McLaughlin. Jessie was born in York County to Rock Hill Residents William Alexander Fewell (1852-1933) and Lulu Johnson Fewell (1860-1946). The Fewell family lived in a house built by William and Lulu at 241 Oakland Avenue in Rock Hill as early as 1908. It was sold in 1968 and since been razed with a number of different businesses operating at that address since. Lulu was the sister of one-time Rock Hill Mayor, J. B. Johnson.

Jessie worked for People's Trust Company for many years before retiring. Her and Alexander had two children, but only one survived to adulthood, Lois Dean McLaughlin Taylor (the donor's mother). Jessie and Alexander are buried at Elmwood Cemetery in Charlotte, NC with McLaughlin family members. They were both active members of Ebenezer Presbyterian Church, along with many other Fewell family members.

The 1936 wedding dress belonged to Lois Dean McLaughlin (1907-1987) and was purchased and shipped to India by her mother, Jessie, for Lois's wedding to Dr. Theophilus Mills Taylor (1909-1989). Theophilus and Lois met in India while teaching at Woodstock School, a missionary school located in the Indian foothills of the Himalayas. Lois graduated from Winthrop in 1929 before heading to India in 1932, where she taught until 1938. Lois and Theophilus' first daughter, Martha Renwick Taylor, was born in India. The 14 ship menus were collected from Jessie's 1938 journey to and from India to meet her new granddaughter. The donated 1929 Tattler is Louis's senior year annual but it was not her personal copy, but rather purchased later by the donor.

All of the dresses and bonnets belonged to and were worn by Lois Dean McLaughlin when she was 3 or 4 years old. The knitted bonnet was made by Jessie for her daughter. The donor has provided a digital image of a young Lois wearing one of the bonnets and dresses. The image will reside in the accession file with related research on the collection.

The wood carving from Ghana was purchased by the donor's sister, Martha Renwick Taylor (1938-2012), while she was living and teaching in Ghana as part of missionary work. It was shipped back to the States to Anna, the donor, as a gift. Martha was born in India while her parents were missionary teachers and returned to South Carolina shortly after her birth. She graduated from Winthrop College in 1960 where she lived with her mother at 241 Oakland Avenue in Rock Hill. After graduating from Winthrop, Martha attended graduate school at Strausburg University in Paris, France, where she met her future husband, Robert Osler Matthews of Ottawa, Canada. Sometime after getting married in Paris in April 1962, the married couple moved to Ghana, where Martha taught English and French while Robert taught history. Both of their sons were born in Ghana. Upon their return from Ghana, Martha Renwick and her family moved to Canada where she lived until her passing in 2012.

The two Ebenezer Presbyterian Church documents were collected by Jessie who was an active member in the church, as were many of her Fewell family members. Many of the Fewell family members are buried in the church's cemetery. According to the 1938 book *History of Ebenezer Presbyterian Church*, a couple of Fewell men even served as deacons. The book was written by Rev. John C. Bailey (c. 1871-1962) who served as Reverend for the church from 1919 until her retirement in 1947. He also simultaneously served as Reverend at Hopewell Presbyterian Church in Leslie, SC and Tirzah Presbyterian Church in Tirzah, SC. Upon his retirement, Bailey relocated to Summerton, NC. During

his lifetime, Bailey wrote two books about the history of York County, *History of Ebenezer Presbyterian Church* (1938) and *History of Hopewell Presbyterian Church* (1958). Ebenezer Presbyterian Church is one of the oldest in York County, having been founded in c. 1785 in what was then called Ebenezerville (now part of Rock Hill), and sits at the same location it was founded, 2132 Ebenezer Road, though in a much newer building.

The Catawba dolls were collected by Jessie McLaughlin, along with over 200 others. The donor is not sure where the dolls came from, who made them, or how old they are. The male doll had a small note pinned to that called if the "Chief Hagler" doll. Chief or King Hagler is the most well-known chieftain of the Catawba Nation. He rose to power c. 1750 and had a reputation of being a peacekeeper with other tribes and colonists. He supported the British during the French and Indian War, of which some Catawba soldiers fought with General George Washington in 1756-1757 or with General John Forbes in 1758. A defining moment during his reign, Hagler helped negotiate the Treaty of Pine Tree Hill in July 1760 which gave the Catawba nation 15-square miles of land to serve as their Reservation. The dolls are rare or one-of-a-kind as they appear to be hand and machine sewn. The Catawba nation is not known for their dolls but rather their pottery. To be offered something this unique is a rare opportunity. Attempts to get additional information from the Catawba Cultural Center have gone unanswered.

Potential Uses: X Research X Exhibition X Loan

All items are in great condition and would be great candidates for research, exhibition, or loan on topics related to weddings, international travel, York County teachers abroad, Missionaries, York County churches, early twentieth century clothing, and the Catawba nation.

Description of Accession:
 .001 – 1930s Pennsylvania Sugar Company’s Quaker Sugar pamphlet featuring a Vernon Grant designed cover.

Overall Condition: Excellent Good Fair Poor

General/Comparable Size of Collection
 When unfolded: 16.25” x 18”, will fit in an existing box with other large VG advertisements

Significance/Ownership History Mission Rating: 5 (Scale of 1 – 5; 5 matches mission 100%)

The Pennsylvania Sugar Company was a sugar refinery based out of Philadelphia, PA from 1868-1942. In 1942, the company was bought out by National Sugar Refining Company with the factory becoming home of their Pennsylvania Division, and remained in business until 1984. When completely unfolded, the brochure features a poster featuring a red, white, blue, and black map of the eastern United States, Mexico, the northern countries of South America, the Atlantic Ocean and some of its bigger islands. Along the side edges of the poster is the history of sugar and the refining process as it relates to the sugar company. Other brochure panels include recipes, advice to housewives, and the reasons sugar should be included in one’s diet. In addition to the VG design on the cover, the “Sugar as Food” panel features a second Vernon Grant illustration of a teacher in front of three students sitting at desks.

Vernon Grant (VG) was an American illustrator and commercial artist throughout most of the 20th century. Famous for creating Snap! Crackle! and Pop! gnomes for Kellogg’s Rice Krispies cereal, his artwork was seen on a number of magazine covers, magazine advertisements, food packaging, and children’s toy packaging. After moving to Rock Hill in 1947, Grant became involved in the local community serving as the Director of the Rock Hill Chamber of Commerce and then Director of the Housing Authority of Rock Hill in the late 1950s and early 1960s. During this time, he created a number of paintings and advertisements for local businesses. His artwork is also the inspiration for two Rock Hill annual events, ChristmasVille and Come-See-Me, as well as CHM’s Main Street Children’s Museum. VG’s personal collection of his artwork was on loan to MYCO as early as 1974. In 2006, two of his children donated most of the large collection to CHM, forming the Vernon Grant Collection. Today, the collection has close to 3000 items associated with the artist, most of which are part of his personal estate (2006.017).

The acquired advertisement brochure is not in CHM’s collection nor is it noted in Allan Miller’s Vernon Grant Collector’s Guide. The item, though it does not have VG’s identifiable signature, it is

without a doubt his artwork when you compare the gnomes and hanging light to others by the artist. Having previously been an unknown piece of Vernon Grant's artwork history, this advertisement will make for a great addition in the permanent Vernon Grant collection as CHM's strived to become the preeminent institution on Vernon Grant artwork and history.

Potential Uses: X Research X Exhibition X Loan

The poster can be used for research, exhibition, or loan on all things related to Vernon Grant but also on topics of farming, cultivating, and or importing food, baking, and the status of women in the 1930s.

SUGAR CANE

A BRIEF HISTORY OF THE
RAW SUGGED SUGARS OF
REACHES THE UNITED STATES

1. Cradling - A cut of sugar cane may reach a length of 20 feet. It is cut by a machete, leaving a height of 10 feet for the cane to grow. The cane is then cut into sections 12 to 15 feet long. It is then cut into sections 12 to 15 feet long. It is then cut into sections 12 to 15 feet long.

2. Harvesting - The cane is cut by a machete, leaving a height of 10 feet for the cane to grow. The cane is then cut into sections 12 to 15 feet long. It is then cut into sections 12 to 15 feet long.

3. The Mill - The cane is cut by a machete, leaving a height of 10 feet for the cane to grow. The cane is then cut into sections 12 to 15 feet long. It is then cut into sections 12 to 15 feet long.

4. Raw Sugar - The cane is cut by a machete, leaving a height of 10 feet for the cane to grow. The cane is then cut into sections 12 to 15 feet long. It is then cut into sections 12 to 15 feet long.

5. Transportation - The cane is cut by a machete, leaving a height of 10 feet for the cane to grow. The cane is then cut into sections 12 to 15 feet long. It is then cut into sections 12 to 15 feet long.

REFINING SUGAR

A BRIEF HISTORY OF THE
REFINED SUGARS OF
REACHES THE UNITED STATES

1. Washing - The raw sugar is washed with water to remove any remaining cane juice. The water is then evaporated, leaving a thick syrup. The syrup is then washed with water to remove any remaining cane juice. The water is then evaporated, leaving a thick syrup.

2. Clarification - The syrup is treated with lime to remove any remaining cane juice. The lime is then evaporated, leaving a thick syrup. The syrup is then washed with water to remove any remaining cane juice. The water is then evaporated, leaving a thick syrup.

3. Crystallization and Drying - The syrup is treated with lime to remove any remaining cane juice. The lime is then evaporated, leaving a thick syrup. The syrup is then washed with water to remove any remaining cane juice. The water is then evaporated, leaving a thick syrup.

4. Packing & Shipping - The refined sugar is packed in bags and shipped to the United States. The refined sugar is packed in bags and shipped to the United States.

PENNSYLVANIA SUGAR CO. PHILADELPHIA, PENNA.

RECOMMENDATION FOR ACCESSION

Temporary Custody ID:	Collection Type:	Method of Acquisition:
TC389	Archives	Donation

Name of Donor:
Dawn Patterson

Description of Accession:
This collection contains the correspondence of Margaret Query dating between 1960 and 1966 regarding family genealogy requests for York County surnames. See surname list below.

Overall Condition: Excellent Good Fair Poor

General/Comparable Size of Collection
Will fit into one letter document size acid free box.

Significance/Ownership History Mission Rating: 5 (Scale of 1 – 5; 5 matches mission 100%)

Miss Margaret Query was a genealogist for hire in her later years which likely started through her affiliation with her church Bethel Presbyterian. This collection contains letters to Margaret Query from across the United States including Utah, California, Texas, Louisiana, Wisconsin, Ohio, Alabama, and Florida for information about York County families. It appears that she visited courthouses, libraries, the SC state archives, and possibly local cemeteries to gather information pertaining to deeds, probate, estate settlements, wills, and court cases. By March of 1966 she was at a nursing home in Charlotte and unable to continue researching.

When Margaret Query died in August of 1967 her letters and genealogy research became the possession of her sister Mary Query Ranson. When Mary Ranson died in 1989 her daughter Mary Emily Ranson Baesel inherited Margaret's papers. Later Mary Emily Ranson Baesel's son, Edward F. Baesel III, came into possession of the papers. The donor is related to Edward F. Baesel III.

Miss Margaret Wallace Query (1892-1967) was the daughter of Margaret Martha Wallace and Franklin Scott Query and born in Mecklenburg County. She graduated from Queens College in 1912 and taught in the North Carolina and South Carolina public schools. She lived in Clover with her maternal uncle William N. Wallace and his wife Emily. She was an active member of the Bethel Presbyterian Church. It appears that she began researching genealogy requests that were sent to her church. Some of her letters refer to her gathering information for a church history and cemetery roster. She is buried at Bethel Church Cemetery.

Mary Query Ranson (1891-1989) was the sister of Margaret Wallace Query. A native of Mecklenburg County, she attended Adams Sisters School in Gastonia, Due West Academy and Queens College. In 1914, she married **Dr. John Lester Ranson** (1884-1953). They had 3 sons and 2 daughters. She was a member of Myers Park Presbyterian Church in Charlotte. She was living at Sharon Towers before her death.

Mary Emily Ranson Baesel (1930- ?) is the daughter of Mary Query Ranson and John Lester Ranson. In 1957 Mary Emily Ranson married **Edward Franklin Baesel Jr (1921-2013)**. They had a son and daughter: **Edward Franklin Baesel III (b.1958)** and Mary Rose Baesel. She was a member of the Myers Park Presbyterian Church in Charlotte.

Mary Rose Baesel Romano, daughter of Mary Emily Ranson Baesel and Edward Franklin Baesel Jr., married James Edward Romano in 1997.

Potential Uses: Research Exhibition Loan

This collection is useful for local genealogy research as well as the history of genealogists for hire.

Addendum C

Request for funds from MWYC Expense Account (5000-45045-000)

Requested By: Jillian Bingham, Director of Collections and Nancy Sambets, Director of Archives

Request Date: August 9, 2023

Following the dissolution of the Museum of Western York County (MWYC), their board voted to close any/all accounts and donate any remaining funds to CHM. On March 3rd, MWYC treasurer Gay Feemster officially made the donation of \$49,125.31 with the restriction that the funds go towards the care of MWYC items that were transferred to CHM. In December 2022, the CHM finalized the transferred more than 1400 items and over 140 boxes of archival material to both the permanent and education collections. CHM's collections and archives teams continue to process all of the items but more supplies are needed in order to continue. The entirety of the donated funds have been placed in a restricted equity account (5000-45045-000) in accordance with York County purchasing procedures. All purchases related to the care of MWYC items will be expensed from this account.

Below is a cost breakdown by supplier. Lists of the requested supplies, for both Collections and Archives departments, are attached to this fund request for review and transparency. The requested funds include a \$500 contingency to account for changes in shipping that have been documented to occur between budgeting and purchasing.

Cost Breakdown of requested supplies by supplier:

- University Products TOTAL (including shipping): \$709.06
- Gaylord TOTAL (including shipping): \$1669.32
- Uline TOTAL (including shipping): \$453.84

Current Balance:	\$42,873.06
Requested Funds:	\$2,833.12
Contingency Funds:	\$500.00
Purchase total to not exceed:	\$3,333.12
Ending Balance, if approved and all contingency funds used:	\$39,539.94

NOTE:

ATTENTION: JILLIAN MATTHEWS

Request for funds from the Dorothy Bing Textile Fund Equity Account (5000-25325-000)

Requested By: Jillian Bingham, Director of Collections

Request Date: August 9, 2023

In 1998, Mrs. Dorothy Bing of Lake Wylie, SC donated \$100,000 to the Culture & Heritage Museums. \$50,000 was for restricted use towards the new museum building while the other \$50,000 was for restricted use towards a Textile Exhibition. In 2016, CHM Staff and York County Purchasing concluded that of the original \$100,000 donation, there was still a \$17,103.52 balance in the fund with that money able to go towards adding to the permanent textile collection or towards the preservation of textiles already in the permanent collection. In 2019, CHC approved of the purchase a Nilfisk HEPA Vacuum with Variable Speed Control to be used by the Collections Department for cleaning textiles.

In accordance with the Collections Management Policy, the collection is to be inventoried every 7-10 years. The last comprehensive inventory of the history collection was completed by previous Collections staff in 2012. Starting in June 2023, the Collections Department has been inventorying the history collection, which includes rehousing items for continued preservation. The inventory is happening a year late due to extenuating circumstances tied to the COVID-19 pandemic closures and the Museum of Western York County (MWYC) transfer.

While most rehousing simply requires replacing the acid-free tissue paper or box, the department is also rolling quilts. Museum practices, when organizations are able to do so, is to roll quilts which puts less stress on the numerous seams and to prevent creases. This process requires a lot of supplies, of which the department has run out. With over 100 quilts in the permanent collection, staff are prioritizing quilts that are mission related and in good enough condition to be rolled. Page 2 of this request includes progress photos of the quilt rolling project completed by staff and interns thus far. The project was put on hold until more supplies can be purchased. In addition to supplies for rolling quilts, the Collections Department is requesting to buy supplies to better house other textiles in the permanent collection such as clothing, coverlets, hats, and shoes.

Below is a cost breakdown of supplies by supplier. Some of the supplies include metal poles and brackets to fit the existing rolled textile system, 10ft long archival cardboard tubes, acid-free tissue paper, Tyvek, cotton gloves, and archival boxes. Complete lists of the requested supplies are attached to this fund request for review and transparency. The total requested funds include a \$500 contingency to account for changes in shipping that have been documented to occur between budgeting and purchasing.

Cost Breakdown of requested supplies by supplier:

- Patterson-Pope TOTAL (including shipping): \$3,397.88
- University Products TOTAL (including shipping): \$2,450.25
- Gaylord TOTAL (including shipping): \$2,435.12
- Amazon TOTAL (including shipping & tax): \$78.46

Current Balance:	\$14,796.96
Requested Funds:	\$8,361.71
Contingency Funds:	\$500.00
Purchase total to not exceed:	\$8,861.71
Ending Balance, if approved and all contingency funds used:	\$5,935.25

Above: 2023 Collections Intern, Radio McAda, helping roll a Sifford Collection quilt.

Right: Boxes of folded quilts to be considered for rolled storage in textile

Top Left: 12 quilts already rolled into 6 tubes/poles. Empty space is available for storage of more quilts.

Bottom Left: More empty space to store rolled quilts. In total, it is estimated that close to 70 quilts can be rolled and stored in the HC Textile Closet.

The quilts unable to be rolled will be rehoused individually in larger boxes in accordance with museum standards. Currently, quilts are stored 2 to 3 per box.

History Collection Mission Rating

Potential acquisitions for the cultural history collection will be evaluated according to the following internal rating system to determine their relevance to CHM's mission. It is not the only thing considered when determining whether to accept a potential acquisition. Other considerations are laid out in the Collections Management Policy.

CHM Mission: To communicate and preserve the natural and cultural history of the Carolina Piedmont, inspiring a lifetime of learning

- Best 5 Objects were made in & owned/used by the citizens of the Carolina Piedmont and represent the history and culture of the region; Objects originally owned by, made by, or used by members of the Brattonsville Community and relate to Historic Brattonsville.
- 4 Objects used/owned by the citizens of the Carolina Piedmont **and** represent the history and culture of the region
- 3 Objects were made in or manufactured for the citizens of the Carolina Piedmont **and** represent the history and culture of the region
- 2 Objects are not originally from the Carolina Piedmont **but** represent materials that reflect the cultural history of the region
- Worst 1 Not from the area, not representative of the Carolina Piedmont culture and history
- 0 Unable to rate due to the lack of information or needs more research

Carolina Piedmont Regional Counties

Archival Collection Mission Rating

Potential acquisitions for the cultural history collection will be evaluated according to the following internal rating system to determine their relevance to CHM's mission. It is not the only thing considered when determining whether to accept a potential acquisition. Other considerations are laid out in the Collections Management Policy.

CHM Mission: To communicate and preserve the natural and cultural history of the Carolina Piedmont, inspiring a lifetime of learning.

McCelvey Campus Mission: To collect and preserve the cultural heritage of York County and the Carolina Piedmont while providing programs and educational opportunities that reflect the regional history through research, exhibitions and performing arts.

- Best 5 Archival materials created & owned by citizens of the Carolina Piedmont **and** document the history and heritage of the region
- 4 Archival materials used/owned by citizens of the Carolina Piedmont **and** document the history and heritage of the region
- 3 Archival materials created in or manufactured for citizens of the Carolina Piedmont **and** document the history and heritage of the region
- 2 Archival materials not originally from the Carolina Piedmont **but** are relevant to the history and heritage of the region
- Worst 1 Not from the area, does not document the history and heritage of the Carolina Piedmont
- 0 Unable to rate due to lack of information or needs more research
